2020 brochure

Introduction

We are all about elegant and beautiful events. We believe that the tone and ambience of any event begins with the linens, so we take much pride in ensuring you get the very best with a wide variety to choose from.

With our own in-house laundry services we are sure to provide the best linen for your day.

After over 10 years of experience in the events industry; we have created our niche and remained dedicated to our true strength and core passion which is Event Linens & table scaping...

We are all about the linens but above all we are all about the attention to detail on the reception table, from our timeless tabletop accents, classy napkins holders to the dainty brooches or ribbons on the chair linens. We take every aspect of your event and bring it to life through our linens and accents.

We are constantly reviewing and renewing our stock, if you know anything about this industry you will know that the trends and taste are constantly changing.

Our ability to work with other professional event suppliers has been our greatest achievement and strength as this allows us to concentrate on providing our clients with our best as well as creating the perfect event by partnering with professional suppliers to complete the look.
